MEET MILO

Milo joined us at Crossing Bridges in August 2020. He is an 22-year-old 10.2 hh Welsh Pinto Pony. Milo is one of the cutest ponies we have ever seen! He is an absolute gentleman and always tries hard to please.

Crossing Bridges is only Milo's second home. He was owned by the same family his entire life before we bought him at an auction. With his past family, Milo pulled a cart and was a riding pony for their children.

Milo loves all the attention (& treats!) from the kids! Milo's short height is very valuable for our smaller students and helping them feel safe. Due to his smaller size our little students are able to work with him on their own, and he has become very valuable for doing "leading lessons."

We are very excited to have Milo in our program and give him a special home where he can make a difference in so many kids' lives.

Crossing Bridges is thankful to have The Reid Family and Bob & Caroline Brooks sponsoring Milo and his care!
