HORSE SPONSORSHIP | *Buster*

MEET BUSTER

This awesome boy joined us at Crossing Bridges in December 2020. He has settled in quickly and already become a favorite amongst our students. Buster is a 15 hh Sorrel Quarter Horse. He is 22-years-old and we are leasing him from Dani Grant of Harlan, Oregon.

Buster competed in gaming and barrel racing when he was younger. He has won many awards, two saddles, and holds records! He also did 4H, Equestrian Team, and was on a Drill team. Despite doing many faster events when he was younger, Buster is very calm and always takes good care of his rider.

One of the main things we love about Buster is that he is a very honest horse. He teaches his rider the correct way to ride and always listens to what they ask him to do. He is a wonderful beginner independent horse for our riders who are ready to start riding on their own and learning how to take control of their horse without assistance. Buster has also already proven to be a solid lead-line horse as well. He is very slow and steady which is a trait our students greatly need in order to trust their horse.

We appreciate the Grant Family letting us use this special boy! We are thankful to Shawntai Chapman for sponsoring Buster while he is here in our program.

Thank You

TO BUSTER'S SPONSOR
