Therapeutic Riding Center

HORSE SPONSORSHIP | *Cesar*

MEET CESAR

Cesar joined us at Crossing Bridges in August 2020. We don't know much about his past because we purchased him at an Auction. Cesar is 15-year old, 12.3 hh Icelandic Pony! He is a beautiful black and white paint and all of our students are already enjoying him so much.

We believe Cesar probably was shown when he was younger and he has definitely done some trail riding in recent years. He has settled into our program very quickly and is getting to know all of the students. He has been a great horse for bareback because of his smooth gaits and calm demeanor.

Cesar is a VERY friendly boy! He **loves** attention, hugs, and kisses more than anything. He is a wonderful pony for our students to love on because he is so gentle and soaks up all the attention from them in a kind way.

He is an absolute sweetheart and we are so thankful to have Scopa Properties, LLC sponsoring his care each month.

Thank You
