HORSE SPONSORSHIP | *Doc*

MEET DOC

Doc joined us in October 2022. He is a big, beautiful Sorrel Gelding standing 15.3 hands tall. Doc is a Quarter Horse and is approximately 27-years-old but he has aged extremely well and moves like he is much younger!

This sweet boy has settled in very well and loves his new job as a therapy horse. He has been doing independent lessons for the last three years, so he quickly adjusted to his job here.

Doc is an absolute saint and always gives 100%. He is an excellent beginner independent lesson horse along with excelling at our lead-line lessons and always being cautious and respectful of his rider. All of our students love him and his quiet demeanor and personality.

We are leasing Doc from Jim & Cindy Nance, who are also sponsoring his care! We are so thankful for the opportunity to use Doc here, and for their generous support.

Thank You
