Therapeutic Riding Center

HORSE SPONSORSHIP | Faith

MEET FAITH

Faith is a 24 year-old Tennessee Walking horse; her registered name is "Hallelujahs Faith". Faith joined us at Crossing Bridges in May 2017. Early on in life, she had a rough start, being over a month premature and losing her mom at a few months old. Her owners feared for her life; but in the end they sang "Hallelujah!"...giving Faith her name! If you have Faith in her, she will have Faith in you.

Faith has brought something very special to every person's life she has touched. She competed in nearly every type of event possible when she was younger and excelled in many of them. Faith was a once-in-a-lifetime horse for her long-time owner, Antoinette before coming to CB. While Faith enjoyed so many different types of events; her true love is working with kids.

This amazing girl has a gentle, kind, and patient soul unlike any other horse. She always aims to please and gives you everything that she has. Before coming to Crossing Bridges, Faith worked with many kids, teaching them how to ride and giving them confidence. She gives them a good foundation and trust in a horse. Our students all share a special bond with Faith and love spending time with her.

Crossing Bridges is thankful to Shawntai Chapman for sponsoring Faith's care each month!

Thank You
