

CROSSING BRIDGES

Therapeutic Riding Center

HORSE SPONSORSHIP | Jewel

MEET JEWEL

Jewel joined our program at Crossing Bridges in May 2020. She came all the way from Louisiana to be with us! Jewel is a beautiful buckskin mare. She is a 17-year-old Tennessee Walking Horse and stands 14.3 hh. Jewel has the most beautiful hair we have ever seen!

This girl did a little bit of everything when she was younger which makes her an excellent horse for our students. Jewel has done gymkhana events, parades, trail riding, beach riding, showing, and lessons in the past few years.

Jewel has been a wonderful addition to our program and has a very spirited walk and personality which keeps our students on their toes! Jewel has a big gaited walk that our students love. She is a really fun horse for kids to ride independently on their own but is also safe enough for our lead-line students to learn on. Jewel is SO sweet and gentle with our students. She is very calm and always knows what each student needs.

We are thankful to have Shawntai Chapman sponsoring her care each month. Jewel has been a star at Crossing Bridges!

Thank You
