

CROSSING BRIDGES

Therapeutic Riding Center

HORSE SPONSORSHIP | *Kiss*

MEET KISS

Kiss joined our program in February 2019. She was donated by a wonderful family from Sherwood, Oregon. She has a background in showing, 4H, trail riding, and mounted posse work. This girl has already been a huge hit at Crossing Bridges. The kids love her beautiful coloring and sweet demeanor. She has a gentle soul and is very welcoming to all of our students.

Kiss is a 24-year-old Spotted Saddle Horse and her Registered name is "Pusher's Kiss of Joy". She is 15.2 hh and is a Tobiano, black and white mare. Kiss is a big, stout horse for our older lead-line students who need a strong horse. Her big, smooth gait really helps to keep our students engaged in their lesson and focused.

This beautiful mare does require extra joint support to keep her comfortable and able to do her job well. She is a very special girl and we hope she has many good years ahead of her in our program. We are so grateful to have Christine Denker and Les & Geri Hubbard sponsoring her care.

Thank You
