HORSE SPONSORSHIP | *Poppy*

MEET POPPY

Poppy joined us at Crossing Bridges in April 2020. She is a 16-year-old POA and she stands 13 hands tall. Poppy has a beautiful coat and is extremely sweet with our students. We purchased Poppy from a family in Mollala, OR. She did a variety of showing and 4H events when she was younger.

This girl has been very reliable for our program. She handles it very well when students get wiggly on her and make loud noises. Poppy is not phased at all by these things that would startle some horses. She also handles all of the games exceptionally well and is very forgiving when kids make mistakes.

We are thankful to have this wonderful pony with us here at Crossing Bridges; we have come to rely on her steady nature to serve our smaller students who can be very unpredictable at times. Poppy has a fun and loving personality but also knows when it is time to work and focus on her kids.

Thank You
