HORSE SPONSORSHIP | Riata

MEET RIATA

Riata joined us at Crossing Bridges in August 2022. She is a 17-year-old black Quarter pony and stands 12 hands tall. Riata has had a rough past and was rescued from a life of abuse about three years ago. Her owner spent a long time teaching her to trust people again but she has come so far! She is the absolute sweetest girl and just adores kids.

She quickly showed us that this job was meant for her. Riata has been so gentle and calm with our students. Her patience has really shown through when it needs to. We are relying on her to work with our smaller, fragile students who can be unpredictable at times but she has taken them all in stride. She seems to really know that she has important job to do here!

We are in process of purchasing Riata to make her a permanent part of our team. She is definitely a pony that shines in this environment.

We are very appreciative of Scopa Properties, LLC and Partake Shop, Lounge, & Dine for sponsoring her care each month!

Thank You
